Notes:

The Superintendent's Standards ("S") are derived from the Low Income Cutoffs (LICO) released by Statistics Canada. The Superintendent uses the before-tax LICO for urban areas 500,000 people and over. The 2005 standards are updated adding to the 2001 LICO the 2002, 2003 and 2004 Consumer Price Index (CPI), 2.2%, 2.7% and 1.9%, plus a 1.9% adjustment reflecting the 2005 CPI expectation.

The amounts shown above represent the monthly total surplus income of the bankrupt over the standards, from which the surplus income payment should be calculated.

The Superintendent's Standards ("S") are derived from the Low Income Cutoffs (LICO) released by Statistics Canada. The Superintendent uses the before-tax LICO for urban areas 500,000 people and over. The 2003 standards are updated adding to the 2001 LICO the 2002 Consumer Price Index (CPI), 2.2%, plus a 2.4% adjustment reflecting the 2003 CPI expectation.

The amounts shown above represent the monthly total surplus income of the bankrupt over the standards, from which the surplus income payment should be calculated.

Les normes du surintendant (« N ») sont dérivées à partir des seuils de faible revenu (SFR) publié par Statistiques Canada. Le surintendant utilise les SFR avant impôt pour les régions urbaines de 500 000 habitants et plus. Les normes de 2003 sont mises à jour en ajoutant aux SFR de 2001 l'indice des prix à la consommation (IPC) de 2002, 2,2%, plus un ajustement de 2,4% qui représente l'IPC anticipé pour 2003.

Les montants ci-haut indiqués représentent le revenu excédentaire mensuel total du failli qui dépasse les normes à partir desquelles devrait être calculé le paiement du revenu excédentaire.

The Superintendent's Standards ("S") are derived from information provided by Stati Canada. The standards consist of the 1999 base established by Statistics Canada, pl adjustments of 2.7% and 2.6% representing average increases in the Consumer Pri Index for 2000 and 2001 respectively and a 2% adjustment representing the Superintendent's projection to the 2002 Consumer Price Index.

The amounts shown above represent the bankrupt's total monthly surplus income that is in excess o standards that form the basis for calculating surplus income payments.

The Superintendent's Standards ("S") are derived from information provided by Statistics Canada. The standards consist of the 1999 base established by Statistics Canada, plus a 3.2% adjustment based on the 2000 Consumer Price Index and a 2.4% adjustment representing the Superintendent's projection for the 2001 Consumer Price Index.

The amounts shown above represent the bankrupt's total monthly surplus income that is in excess of the standards that form the basis for calculating surplus income payments.

Les normes du surintendant (« N ») sont dérivées d'information obtenue de Statistique Canada. Les normes sont constituées à partir de la base de 1999 établie par Statistique Canada plus un ajustement de 3,2 % en raison de l'Indice des prix à la consommation de 2000, plus un ajustement de 2,4 % des normes représentant les projections du surintendant de l'Indice des prix à la consommation de 2001.

Les montants figurant ci-dessus représentent le revenu excédentaire mensuel total du failli qui dépasse les normes à partir desquelles devrait être calculé le paiement du revenu excédentaire.
